

Audio/Video Console™ 600

Give Your Home Theater a Home of Its Own

Beautifully house your home theater.

No one wants their living room to look like an electronics store. With the Centra Audio/Video Console 600, your DVD player, AV receiver and other components will be housed in absolute luxury. The Console 600's tailored curves, deep gloss piano black finish and myriad of features make it possible to live with a home theater system that's inviting and easy to use.

Spacious design will house a growing family of home theater components and speakers.

The Audio/Video Console 600 is specifically designed to hold everything you need for home theater—even optional Centra A/V Console Subwoofers or a flat screen TV with optional mounting kit. Plus a divided media drawer conveniently stores DVDs, remotes and more.

Built-in extras make it ready for immediate move-in.

Your Audio/Video Console features ventilated shelves and fans to keep components cool. Heavy-duty casters make it easy to move the Console when cleaning. And the Monster Cable Management System™ keeps connections neat and clean, and helps maintain good form and functionality, both front and rear.

*Beautiful presentation. Seamless design.
Powerful performance. Centra by M-Design.*

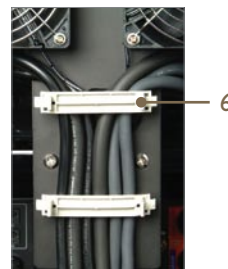

The Centra Audio/Video Console 600 seamlessly integrates optional Centra Console Subwoofers to give you deep, powerful bass—without having to see it.

Centra A/V Console 600 shown with the following enhancements (sold separately)

- Centra Flat Screen InvisiSound Frame 3000
- Flat Screen Mounting System

Monster Cable Management System™ organizes the cable "jungle"

Optional Component Center Subwoofer connections accessible from behind Audio/Video Console

Optional M•Design Flat Screen Mounting System

Sliding rear-access doors provide easy access to components

Features:

- 1 Finishes and functions are specifically designed to compliment Centra speakers and subwoofers
- 2 Curved glass swing doors are transparent to infrared remote control commands
- 3 Adjustable shelves—made of aluminum and high-gloss finish—ensure proper air circulation to prevent component overheating
- 4 Automatic Component Cooling System™ pulls cool air inside to provide ventilation and heat dissipation for home theater consoles
- 5 Heavy-duty casters let you move the Centra Audio/Video Console 600 while loaded for convenient component access or cleaning
- 6 Monster Cable Management System™ helps keep cables organized and concealed
- 7 Console comes standard with both a center grille cover to elegantly conceal your center channel speaker, and a divided media drawer to conveniently store DVDs, remotes, cables, and more
- 8 Swing-out end doors, covered with acoustically transparent grille cloth, conceal storage compartments—perfect for optional Centra Console Subwoofers
- 9 Stylish design and deep gloss top matches Centra StreamLine Towers and Audio/Video Consoles for a coordinated look
