

## Audio/Video Console™ 800

### Introducing a Showcase for Your Components Every Bit as Grand as Your Home Theater

*Introducing a smart, stylish solution to integrating your home theater into your home.*

For the first time, you can enjoy home theater without the clutter and unsightly aesthetics of all those electronics. The Centra Audio/Video Console 800 performs with star quality. Its sleek curves and piano black deep gloss finish is the result of weeks of work by expert craftsmen. Behind its closed doors, you can store everything needed for award winning home theater.

#### *Lights, music, action!*

The Centra Audio/Video Console 800 can hold everything you need—stylish side cabinets can house optional M·Design subwoofers, your favorite speakers or DVD/CD storage. An optional mounting system lets you mount your flatscreen directly to the console and perch it at optimum viewing height.

#### *Attention to detail.*

Because we know you live in your home and not your home theater, we've included heavy-duty casters to make it easy to move the Component Center for cleaning and access to components. Get the Centra Audio/Video Console 800 and put the "home" back in your home theater.

#### *Beautiful presentation. Seamless design.*

*Powerful performance. Centra by M·Design.*

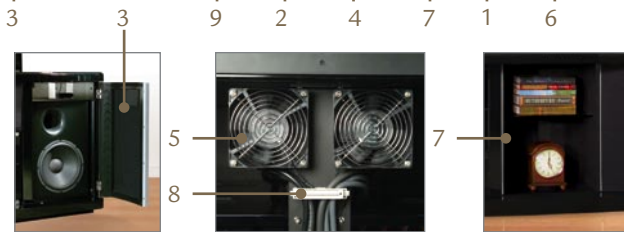

*The Centra Audio/Video Console 800 provides a showcase for your high technology that's every bit as grand and awe-inspiring as home theater itself.*

*Centra A/V Console 800 shown with the following enhancements (sold separately):*

- Centra Flat Screen
- InvisiSound Frame 3000
- Flat Screen Mounting System

Monster Cable Management System™ organizes the cable "jungle"

Optional A/V Console Subwoofer connections accessible from behind Audio/Video Console

Optional M·Design Flat Screen TV Mounting System

Sliding rear-access doors provide easy AV system access

#### Features:

- 1 Finishes and functions are specifically designed to compliment Centra Sound Systems
- 2 Curved glass swing doors are transparent to infrared remote control commands
- 3 Swing-out end doors, covered with acoustically transparent grille cloth, conceal storage compartments—perfect for optional Centra Console Subwoofers
- 4 Adjustable shelves—made of aluminum and high-gloss finish—ensure proper air circulation to prevent component overheating
- 5 Automatic Component Cooling System™ pulls cool air inside to provide ventilation and heat dissipation for home theater consoles
- 6 Heavy-duty casters let you move the Centra Audio/Video Console 800 while loaded for convenient component access or cleaning
- 7 Glass display shelves are fully adjustable, feature a high weight capacity, and include Halogen down-lighting
- 8 Monster Cable Management System™ helps keep cables organized and concealed
- 9 Console comes standard with both a center grill cover to elegantly conceal your center channel speaker, and a divided media drawer to conveniently store DVDs, remotes, cables, and more
